

English

We will be reading the novel 'The Nowhere Emporium'. We will create and describe rooms within the emporium ensuring grammar and punctuation is accurate.

Science

We will be finding out about different classifications of living things. We compare similarities and differences between species and consider how living things adapt according to their habitats.

Art and Design

In Art, we will be investigating the history of illuminated text. We will attempt to create our own lettering.

Computing

After ensuring children know how to stay safe online, we will focus on creating text adventure games using Purple Mash.

St. James' Lanehead

(Year 6: Oak)

Physical Education

Following our Baseline Assessment, we will be developing our Athletics Skills.

Music

We will be focusing on the Planets Suite by Gustav Holst. We will find out about the composer in addition to listening and evaluating the music created about the different planets.

Spanish

We will be recapping on greetings, reading numbers, months of the year and days of the week. Also, we will learn names of places and objects within school.

PSHE

After introducing ourselves to each other, we will think about Respect and what it means to have respect and to be respected. We will consider how we can form respectful relationships with each other.

Mathematics

We will begin the year securing our knowledge of numbers up to ten million and revisiting mental and written strategies for all four number operations. Multiplication tables will be practised on a daily basis, so it is important to use TTRockstars.

Place and Time

Using maps and atlases we will locate Greece. We will investigate what it was like to live in Ancient Greece and how the Olympic Games originated. We will find out about the conflict between Athens and Sparta.

Religious Education

We will be learning more about Daniel and considering whether the choices he made were the right ones. We will reflect on our own choices and how they can impact on others.
