

## English

In English unit, we will be learning about the fairy tale 'The Pied Piper' and then creating our own version, changing the character and the problem. We will also be finding out about the features of a newspaper report and writing our own report. To finish of the term we will be learning the poem 'Macavity the Mysterious Cat.' and performing it in groups,

## PSHE

We will continue to develop a positive mind-set but we will also be learning about how we learn and how we can use this to help us learn and remember our learning even more.

## Computing

We will continue to learn about Online safety will be. We will also be learning about Spreadsheets, using simple formulas, creating line graphs and learning how this can help us in our daily lives.

## Spanish

We will continue to practise: greetings, colours, numbers and our new learning will be how to say and write parts of the body.

## St. James' Lanehead

### Rowan Class

## History

In this topic, 'Changes in Britain from the Stone Age to the Iron Age' The children will learn about the changes that took place in the middle Stone Age (Mesolithic Times) to the Iron age, who lived there, what was it like and what changes occurred.

## Music

We will be focussing learning to play the Glockenspiel. We will continue to develop our musical knowledge, with a focus on the musical vocabulary of tempo, dynamics, texture, timbre.

## Design Technology

This term, we will focus on structures and will make our own kites. We will find out about the history of kite making, the structure and materials needed to design a kite for a child

## Mathematics

The children will be leaning to add and subtract mentally and by using written methods. We will also focus on measurement, the children will learn about length and perimeter. They will then move on to learning multiplication and division strategies so that they can multiply and divide mentally and use written methods.

## Science

Our unit is Living things and their habitats. We will be exploring our local environment and the wildlife in it. We will be grouping and classifying plants and animals. Next we will be exploring threats to the wildlife and how we can help to look after our environment.

## Physical Education

PE is on a Tuesday and Wednesday so remember to come into school wearing your outdoor kit. During PE, the children will be using their Science knowledge to create an electricity dance and learning the skills needed for Net and Wall games.

## Religious Education

We will learn about all about prayers and what praying means for Christians. We will then focus on Christmas and explore the symbolism of light. We aim to understand why Christians believe that Jesus is the 'Light of the world.'
